

- **Player Registration Signup Deadline and Late Signup Eligibility**

All players who signup on or before 2/17/10 are guaranteed to be on a team roster. Please, note registration must be received by an active board member or post marked by 2/17/10.

Players who sign up after 2/17/10 are not guaranteed to be on a team roster. Players will be added to a waiting list and assigned to teams based on available space in the respective division. They will become eligible to be assigned to a team roster when a team is in need of a player so all team rosters in the respective division are equal. Once all team rosters are equal and have 12 or more players, the # of late sign up players must equal the # of teams in a respective division before they will be eligible to add to a roster.

Team rosters will become locked on 3/17/10 if all teams in respective division have 12 or more and equal # of players. Exceptions to this rule will be for a team who has a player withdraw or injured after this date.

Late signup players who are not eligible for the draft shall be assigned to the next manager/team using the following process steps:

- a) Manager/team that has had a player(s) withdrawal. Note: The manager of the team that has a player(s) withdrawal shall immediately notify the baseball or softball commissioner. A player that has withdrawn from a team shall forfeit their right to play in the Smithfield Recreation Association that season.
- b) Next manager/team in draft order.
- c) # of late sign up players must equal the # of teams in a respective division once all teams have 12 or more players. Players name will be drawn from a hat by the team's manager and assigned to that team roster.

Late sign-up players will be assigned in order of date received as per steps "a", "b" or "c" above. If two or more player's registration was received on the same date, the names shall be drawn from a hat and assigned as per steps "a", "b" or "c" above. Late sign-up player's registration shall immediately be signed and dated by the board member who first receives it. Registrations that are mailed shall use the date it was post marked. All late registrations will be turned over to the registration director. Once validated, the director will notify the appropriate commissioner.
